WELCOME TO HEALTHY U INTEGRATED
MEDICAL AND BEHAVIORAL

This directory lists the providers in the Healthy U Integrated network. All services must be received from Healthy U Integrated providers, unless emergency care is needed. Services by noncontracted providers will be denied with no payment. If you are having an emergency, you may see any provider, including providers who are not in the Healthy U Integrated network.

Medical Health Benefits

Choosing Your Doctor:
A Primary Care Physician (PCP) is a doctor you see for most of your medical care. Healthy U Integrated PCPs are listed in the front of this handbook. You do not have to pick a PCP; but we think you should. A PCP will:
- See you for routine check-ups.
- Treat you when you are sick or injured.
- Refer you to a specialist (if needed).
- Approve all non-emergency hospital stays.
- Be your contact if you need care after office hours (except emergencies).

Choose a PCP from the list of providers in this directory. These are the kinds of doctors who are PCPs:
- Family or General Practice (for all ages)
- Internal Medicine (for adults)
- Pediatrician (for children)
- Obstetrics and Gynecology (OB/GYN – for women). You may also choose a Certified Nurse Midwife (CNM) if you are having a baby.

You may select one PCP for your whole family or a different PCP for every family member with Healthy U Integrated as their health plan. If you have a special health need, you may be able to choose a specialist as your PCP. A Case Manager will work with you to choose a specialist as your PCP. Our Case Managers are Registered Nurses. They will work with you and your doctor(s) to make sure you get the care you need.

Remember: Go to the emergency room if you have an Emergency Medical Condition. Do not go to the emergency room, though, for routine medical care. If you think your medical problem might be an emergency, call 911 or go to any hospital emergency room.

“Emergency Medical Condition” means, unless defined in a different way by your Benefit Plan, a medical condition with severe symptoms, including severe pain, such that a trusted person with a normal knowledge of medicine and health, could reasonably expect that not receiving immediate medical care may result in: (a) placing the patient’s health (or, if the patient is a pregnant woman, the health of a woman or her unborn child) in serious danger; (b) serious loss of bodily function; (c) serious damage to any body part. Severe bleeding, loss of consciousness, and a broken bone are examples of emergencies. The decision of whether Emergency Services are covered services will be made by U of U Health Plans. The decision will be based on the definition of “Emergency Medical Condition” as stated above and will be subject to the appeals process of U of U Health Plans.

“Emergency Services” include covered inpatient and outpatient services that are furnished by a provider that is qualified to furnish these services and that are needed to evaluate or care for an emergency medical condition.

BIENVENIDOS A HEALTHY U INTEGRATED MÉDICO Y DE COMPORTAMIENTO
Este directorio enumera a los proveedores en la red de Healthy U Integrated. Todos los servicios que no sean de emergencia deben recibirse de los proveedores de Healthy U Integrated. Si tiene una emergencia, puede ver a cualquier proveedor, incluido los proveedores que no están en la red de Healthy U Integrated.

Beneficios de Salud Médica

Escogiendo a Su Doctor:
Un Médico de Atención Primaria (PCP) es un doctor al que usted ve en la mayoría de sus atenciones médicas. Los PCP de Healthy U Integrated aparecen en la parte de atrás de este manual. No tiene que escoger a un PCP, pero creemos que debería. Un PCP realizará lo siguiente:
- Lo verá para chequeos de rutina.
- Lo atenderá cuando esté enfermo o lesionado.
- Lo referirá a un especialista (de ser necesario).
- Aprobará todas las hospitalizaciones que no sean de emergencia.
- Será su contacto si necesita que lo atiendan fuera del horario del consultorio (excepto las emergencias).

Escoja a un PCP de la lista de proveedores que aparece en este manual. Estas son las clases de doctores que son PCP:
- Práctica Familiar (para todas las edades)
- Medicina Interna (para adultos)
- Pediatría (para niños)
- Obstetricia y Ginecología (OB/GYN – para mujeres). También puede escoger una Enfermera Obstétrica Certificada (CNM) si va a tener un bebé.

Puede escoger a un PCP para toda su familia, o un PCP diferente para cada miembro de la familia que tiene Healthy U Integrated como su plan de salud. Si tiene una necesidad especial de salud, puede escoger a un especialista como su PCP. Un Administrador de Caso trabajará con usted para escoger a un especialista como su PCP. Nuestros Administradores de Caso son Enfermeras Registradas. Ellas trabajarán con usted y su doctor(es) para asegurarse de que usted reciba la atención que necesita.

Recuerda: Vaya a la sala de emergencias si tiene una condición médica de emergencia que requiere un servicio de emergencia. No vaya a la sala de emergencias para recibir atención médica de rutina. Si cree que su problema médico podría ser una emergencia, llame al 911 o vaya a la sala de emergencias de un hospital.

“Condición Médica de Emergencia” significa a menos que se defina lo contrario en un Plan de Beneficios aplicable, una condición médica que se manifiesta por síntomas agudos de suficiente gravedad, incluyendo dolor severo. De tal manera que un laico prudente, que posee un conocimiento promedio de medicina y salud, podría razonablemente esperar que la ausencia de atención médica inmediata resulte en: (a) poner en grave peligro la salud del paciente (o, con respecto a una mujer embarazada, la salud de una mujer o su feto); (b) deterioro grave de la función corporal; (c) disfunción grave de cualquier órgano o parte del cuerpo. El sangrado severo, la inconsciencia y fracturas de huesos son ejemplos de emergencias. La determinación de si los servicios de emergencia son servicios cubiertos dependerá de Los Planes de Salud de la Universidad de Utah. Dicha determinación deberá ser consistente con la definición de “Condición Médica de Emergencia” como se indicó anteriormente y estará sujeto al proceso de apelación de la Universidad.

"Servicios de Emergencia" se refiere a los servicios cubiertos para pacientes hospitalizados y ambulatorios que proporciona un proveedor que está calificado para brindar estos servicios y que son necesarios para evaluar o estabilizar una condición médica de emergencia.

The University of Utah Health Plans (UUHP) contracts with physicians and other health care professionals and facilities for all of our product lines, including commercial, marketplace, and Medicaid, to offer provider networks essential to the delivery of health care and services to our members. UUHP is committed to the “triple aim” of improving experience and quality of care, improving the health of populations, and reducing the per capita cost of care.

We recognize the importance of population health and payment reform and have developed extensive care management and value-based payment programs that improve health and align provider reimbursement with value and positive outcomes.

Provider applications to participate in any UUHP network are considered based on the following:

- **UUHP business needs which may include and are not limited to:**
  - Network adequacy requirements based on state and/or federal guidelines
  - Network adequacy requirements based on the current or expected population of a given geographic area (usually defined by county or zip code)
  - Network adequacy requirements based on provider type and/or specialty
  - Network composition based on scope of services required by payer such as employer, health plan, union/trust, government entity, etc.
  - Demographic needs including but not limited to languages spoken
  - Existing, non-compensated, referral patterns with current network providers and/or UUHP members

- **Quality, patient experience and cost data as available which may include and is not limited to:**
  - Comparisons of provider practice data to benchmark market averages related to compliance with industry-standard quality measures. Examples include: Hemoglobin A1c (HbA1c) testing in diabetic patients, breast cancer screening prevention rates, and child immunization rates.
  - Industry published and available patient surveys and reviews
  - Comparisons of provider practice cost data to benchmark market averages on a per-member-per-month basis for similar populations

- **The credentialing process which may include and is not limited to,** verifying appropriate licensure, education and training, board certification, DEA licensure, accreditation/certification status, review of sanctions and a review of an acceptable history of professional liability claims.

All providers must be approved through our credentialing process before they may participate in any network.

UUHP plans are designed based on specific criteria that we apply to select participating primary care physicians and specialists which include:

- Cardiology
- General Surgery
- Neurology
- Urology
- Orthopedics
- Obstetrics and Gynecology

Additional primary care physicians, specialists, and facilities are included if they meet our credentialing requirements to ensure members have access within a reasonable distance to the number and types of providers needed.
