Introduction

As You read this Policy, please keep in mind that references to “You” and “Your” refer to both the Plan Participant and Enrolled Dependents. The term “Family” refers to the Plan Participant and all individuals enrolled as his/her Eligible Dependents. The terms “We,” “Us” and “Our” refer to University of Utah Health Plans and the term “Policyholder” means a person who is enrolled for coverage under a University of Utah Health Plans health insurance Policy, and whose name appears on the records of University of Utah Health Plans as the individual to whom this Policy was issued. Policyholder does not mean a dependent under this Policy. Other terms are defined in the Definitions Section at the back of this Policy or where they are first used.

University of Utah Health Plans agrees to provide benefits for Medically Necessary services as described in this Policy, subject to all of the terms, conditions, exclusions and limitations in this Policy, including endorsements affixed hereto. This agreement is in consideration of the premium payments hereinafter stipulated and in further consideration of the application and statements currently on file with Us and signed by the Policyholder for and on behalf of the Policyholder and/or any Enrolled Dependents listed in this Policy, which are hereby referred to and made a part of this Policy.

PLATINUM PLAN

This Plan is available in Salt Lake County only.

CATASTROPHIC PLAN

This Plan may be available if You are under the age of 30, or if You qualify for a hardship exemption.

Guaranteed Issue and Renewability of Policy

This Policy is issued on a guaranteed basis and is renewable at the option of the Policyholder upon payment of the monthly premium when due or within the grace period, except in cases of intentional misrepresentation of material fact or fraud in connection with the coverage, Our decision to cease offering this Policy to individual Policyholders, or Our decision to cease offering coverage in the individual market. No modification or amendment will be effective until 30 days (or longer, as required by law) after written notice has been given to the Policyholder (except for modification of premium, which shall not be effective until 45 days after written notice has been given to the Policyholder), and modification must be uniform within the product line and at the time of renewal. .

Using Your Policy

The University of Utah Health Plan offers the medical plan described in this Policy. It is important for You to understand how the Plan works before You need health care services. Please read this material carefully. If You have any questions about benefits or procedures, please contact University Health Plans Customer Service Department or visit Our website at www.uhealthplan.utah.edu.

YOU SELECT YOUR PROVIDER AND CONTROL YOUR OUT-OF-POCKET EXPENSES

University of Utah Health Plans allows You to control whether You use an In-Network or Out-of-Network Provider. This choice affects Your out-of-pocket expenses, such as Copayments, Deductible and Coinsurance, for each Covered Service.

- **In-Network Provider.** When You choose to see an In-Network Provider, You will receive the highest level of benefits and will not be billed for balances on Covered Services beyond any Copayment, Deductible, and/or Coinsurance.
- **Out-of-Network Provider.** When You see an Out-of-Network Provider, Your out-of-pocket expenses will generally be higher than an In-Network Provider. Going Out-of-Network means You may be billed by the Out-of-Network Provider for balances beyond any Copayment, Deductible, and/or Coinsurance. This is sometimes referred to as balance billing. **Out-of-network providers must demonstrate the same appropriate accreditation and licensure/certification as an in-network credentialed provider.**
- **Rural Health Care Providers.** You may be entitled to coverage for health care services from non-contracted providers if you live or reside within 30 paved road miles of an independent hospital, federally qualified health center, or a credentialed staff member at an independent hospital, federally qualified health center, or at his/her local practice location. If you have questions concerning your rights to see one of these providers, you may contact University of Utah Health Plans at (801) 587-6480 or (888) 271-5870. If we do not resolve your problem, you may contact the Office of Consumer Health Assistance in the Insurance Department, toll free.

For each benefit in this Policy, Your payment amount for In-Network and Out-of-Network Providers is indicated. You can go to www.uhealthplan.utah.edu for additional Provider network information and to find In-Network Providers.

The individual policy that will be issued will be the same as this Policy, with a carryover of the Deductible and Coinsurance.

Grace Period

This Grace Period provision applies if you are NOT receiving any federal subsidies for this Policy.

After the first due premium payment, if a premium is not paid on or before the date it is due, it may be paid during the next thirty (30) days. These thirty (30) days are called the Grace Period. Coverage under this Policy will remain in force during the Grace Period. If any premium is unpaid at the end of the Grace Period, this Policy will automatically terminate at the end of the Grace Period.

This Grace Period provision applies if you are receiving any federal subsidies for this Policy.

After the first due premium payment, if a premium is not paid on or before the date it is due, it may be paid during the next ninety (90) days. These ninety (90) days are called the Grace Period. Coverage under this Policy will remain in force during the Grace Period.

During the first month of the grace period, We will continue to pay claims incurred for Covered Medical Expenses. During the second and third months of the grace period, We will suspend payment of any claims until We receive the past due premiums. If payment is not received for all outstanding premium by the end of the grace period, this Policy will be terminated effective at 12:01 a.m. on the first day of the second month of the three month grace period. You will be responsible for the cost of any health care services You receive after the last day of the first month of the grace period.

Can the Company Change the Premium Rates?

Subject to the rate requirements in the state of Utah, where this Policy is issued, We may change the rates for this Policy on any Policy Anniversary Date. We will give You at least 45 days advance written notice prior to the effective date of any rate change.

When is a Premium Refund Applicable?

In the event the Policy is canceled for a reason other than a material misrepresentation any unearned amount of collected premium will be refunded. In the event of material misrepresentation on the application collected premium minus claims paid will be refunded.

If this Policy is Terminated, Can It be Reinstated?

If any renewal premium is not paid within the time granted to You for payment, a subsequent acceptance of premium by University Health Plans or by any agent duly authorized by University Health Plans to accept the premium, without also requiring an application for reinstatement, shall reinstate the policy. However, if University Health Plans or agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy shall be reinstated upon approval of this application from University Health Plans or, lacking this approval, upon the 45th day following the date of the conditional receipt, unless University Health Plans has previously notified You in writing of our disapproval of the application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than 10 days after that date. In all other respects You and University Health Plans have the same rights under the reinstated policy as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed on or attached to this policy in connection with the reinstatement. If You are covered under any other individual or group medical contract or policy (referred to as "Other Plan" and defined below), the benefits under this Plan and those of the Other Plan will be coordinated in accordance with the provisions of this section. This provision does not apply to Prescription Drug Coverage.

Benefits Subject to this Provision

All of the benefits provided under this Plan are subject to this Coordination of Benefits provision.

Definitions

The following are definitions that apply to this Coordination of Benefits:

Allowable Expense means, with regard to services that are covered in full or part by this Plan or any Other Plan(s) covering You, the amount on which that plan would base its benefit payment for a service, including Coinsurance or Copayments and without reduction for any applicable Deductible, except that the following are examples of expenses that are not an Allowable Expense:

- An expense or portion of an expense not covered by any of Your involved plans.
- Any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging You.
- The difference between the cost of a private Hospital room and the cost of a semiprivate Hospital room, unless one of Your involved plans provides coverage for private Hospital rooms.
- Any amount by which a Primary Plan's benefits were reduced because You did not comply with that plan's provisions regarding second surgical opinion or preauthorization.
- If You are covered by two or more plans that: 1) compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount charged by the Provider in excess of the highest reimbursement amount for a specified benefit; or 2) that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
- If You are covered by a plan that calculates its benefits or services on the basis of usual and customary fees, relative value schedule reimbursement, or other similar reimbursement methodology and another plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, that negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.

When a plan provides benefits in the form of services, the reasonable cash value of each service provided will be considered both an Allowable Expense and a benefit paid.

Birthday Rule, for purposes of Coordination of Benefits provisions, means only the day and month of birth, regardless of the year.

Custodial Parent means the legal Custodial Parent or the physical Custodial Parent as awarded by a court decree. In the absence of a court decree, Custodial Parent means the parent with whom the child resides more than one half of the Calendar Year without regard to any temporary visitation.

Other Plan means any of the following with which this Plan coordinates benefits:

- Individual and group accident and health insurance and subscriber contracts.
- Uninsured arrangements of group or Group-Type Coverage.
- Group-Type Coverage.
- Coverage through closed panel plans (a plan that provides coverage primarily in the form of services through a panel of Providers that have contracted with or are employed by a plan and that excludes benefits for services provided by other Providers, except in the cases of emergency or referral by a panel member).
- Medical care components of long-term care contracts, such as skilled nursing care.
- Medicare and other governmental coverages, as permitted by law.

Other Plan does not include:

- Fixed indemnity coverage.
- Accident only coverage.
- Specified disease or specified accident coverage.
- Limited benefit health coverage.
- School accident-type coverages that cover students for accidents only, including athletic injuries, either on a 24-hour basis or on a "to and from school basis".
- Benefits provided in long-term care insurance policies for non-medical services (for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care and Custodial Care) or for coverages that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
- Medicare supplement coverage.
- A state plan under Medicaid, or a governmental plan that, by law, provides benefits that are in excess to those of private insurance or other nongovernmental coverage.

Primary Plan means the plan that must determine its benefits for Your health care before the benefits of another plan and without taking the existence of that other plan into consideration. (This is also referred to as the plan being "primary" to another plan.) There may be more than one Primary Plan. A plan is a Primary Plan with regard to another plan in any of the following circumstances:

- The plan has no order of benefit determination provision or its order of benefit determination provision differs from the order of benefit determination provision included herein; or
- Both plans use the order of benefit determination provision included herein and under that provision the plan determines its benefits first.

Secondary Plan means a plan that is not a Primary Plan.

Year, for purposes of this Coordination of Benefits provision, means calendar year (January 1 through December 31).

Order of Benefit Determination

The order of benefit determination is identified by using the first of the following rules that apply:

Non-dependent or dependent coverage: A plan that covers You other than as a dependent, for example as an employee, member, policyholder retiree, or subscriber, will be primary to a plan under which You are covered as a dependent.

Child covered under more than one plan: Plans that cover You as a child shall determine the order of benefits as follows:

- When Your parents are married or living together (whether or not they have ever been married), the plan of the parent whose Birthday falls earlier in the Year is the Primary Plan. If both parents have the same Birthday, the plan that has covered a parent longer is the Primary Plan.
- When Your parents are divorced or separated or are not living together (if they have never been married) and a court decree states that one of Your parents is responsible for Your health care expenses or health care coverage, the plan of that parent is primary to the plan of Your other parent. If the parent with that responsibility has no health care coverage for Your health care expenses, but that parent's spouse does, the plan of the spouse shall be primary to the plan of Your other parent.
- If a court decree states that both parents are responsible for Your health care expenses or health care coverage, or if a court decree states that the parents have joint custody of You, without specifying that one of the parents is responsible for Your health care expenses or health care coverage, the provisions of the first bullet above (based on parental Birthdays) shall determine the order of benefits.
- If there is no court decree allocating responsibility for Your health care expenses or health care coverage, the order of benefits is as follows:
 - The plan of Your custodial parent shall be primary to the plan of Your custodial parent's spouse;
 - The plan of Your custodial parent's spouse shall be primary to the plan of Your noncustodial parent; and
 - The plan of Your noncustodial parent shall be primary to the plan of Your noncustodial parent's spouse.

If You are covered under more than one plan and one or more of the plans provides You coverage through individuals who are not Your parents (for example, a guardian or step-parent), the order of benefits shall be determined, as applicable using the provisions under the first or second bullets above, as if those individuals were Your parents.

Active, retired, or laid-off employees: A plan that covers You as an active employee (that is, an employee who is neither laid off nor retired) or as a dependent of an active employee, is primary to a plan under which You are covered as a laid off or retired employee. If the Other Plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule will not apply.

COBRA or state continuation coverage: A plan that covers You as an employee, member, subscriber or retiree or as a dependent of an employee, member, subscriber or retiree, is primary to a plan under which You are covered pursuant to COBRA or a right of continuation pursuant to state or other federal law. If the Other Plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule will not apply.

Longer/shorter length of coverage: When none of the paragraphs above establishes an order of benefit determination, the benefits of the plan that has covered You for the longer period of time will be determined before the benefits of the plan that has covered You for the shorter period of time. To determine the length of time You have been covered under a plan, two successive plans will be treated as one if You were eligible under the second plan within 24 hours after coverage under the first plan ended. The start of a new plan does not include:

- a change in the amount or scope of a plan's benefits;
- a change in the entity that pays, provides or administers the plan's benefits; or
- a change from one type of plan to another (such as from a single-employer plan to a multiple employer plan).

Your length of time covered under a plan is measured from Your first date of coverage under that plan. If that date is not readily available for a group plan, the date You first became a member of the group will be used as the date from which to determine the length of time coverage under the present plan has been in force.

If an order of benefit determination is not identified by the preceding rules, the plans shall share equally in the Allowable Expenses. Each of the plans under which You are covered, and each of the benefits within the plan, will be considered separately in administering this Coordination of Benefits provision.

Primary Health Plan Benefits

When, in accordance with the order of benefit determination, this coverage is the Primary Plan, benefits of this Plan will be paid as if no other plan exists. Despite the provisions of timely filing of claims, where this Plan is the Primary Plan, benefits will not be denied under this Plan on the ground that a claim was not timely submitted if the claim was timely submitted to one or more Secondary Plans and was submitted to the Claims Administrator within 12 months of the date of service.

Secondary Health Plan Benefits

If, in accordance with the order of benefit determination, one or more Other Plans are primary to this Plan, the benefits of this Plan will be calculated as follows:

The benefits that would have been paid under this Plan for a service if this Plan were the Primary Plan will be calculated. That calculated amount will be applied to any Allowable Expense under this Plan for that service that is unpaid by the Primary Plan. The Claims Administrator will:

- reduce payment so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total Allowable Expense for that claim; and
- credit to this Plan's Deductible (if applicable), any amounts that would have been credited for the service if this Plan were the Primary Plan.

Nothing contained in this Coordination of Benefits provision requires this Plan to pay for all or part of any service that is not covered under this Plan. Further, in no event will this Coordination of Benefits provision operate to increase this Plan's payment over what would have been paid in the absence of this Coordination of Benefits provision.

Right to Receive and Release Needed Information

Certain facts are needed to apply Coordination of Benefits provisions. We have the right to decide which facts they need. We may get needed facts from, or give them to, any other organization or person as permitted by law, and need not tell or get the consent of any person to do this. You will promptly furnish to Us any information necessary or appropriate to administer this Coordination of Benefits provision. Receipt of such information by Us will be a condition precedent to this Plan's obligation to provide benefits.

Right of Recovery

If benefits are paid under this Plan to or on behalf of You in excess of the amount that would have been payable under this Plan by reason of Your coverage under any Other Plan(s), this Plan will be entitled to the excess as follows:

- From You, if payment was made to You. Recovery would be by reversal of payments and be limited to a period within 24 months of the overpayment, unless reversal is necessitated by Your fraudulent act(s), fraudulent statement(s), or material misrepresentations. This Plan will be entitled to recover the amount of such excess by the reversal of payment from You and You agree to reimburse this Plan on demand for any and all such amounts. You also agree to pay this Plan interest at 18 percent per annum until such debt is paid in full, which will begin accruing the date the demand for reimbursement is made. If a third-party collection agency or attorney is used to collect the overpayment, You agree to pay collection fees incurred, including, but not limited to, any court costs and attorney fees. If You do not pay, future benefits under this Plan may be withheld to offset the amount owing to it. We are responsible for making proper adjustments between insurers and Providers.
- From Providers, if payment was made to them. Recovery would be by reversal of payments and be limited to a period within 24 months of the overpayment, unless reversal is necessitated by Your

fraudulent act(s), fraudulent statement(s), or material misrepresentation(s). We are responsible for making proper adjustments between insurers and Providers.

- From the Other Plan or an insurer.
- From other organizations.
- A Secondary Plan that provides benefits in the form of services may recover the reasonable cash value of the services from the Primary Plan to the extent that benefits for the services are covered by the Primary Plan and have not already been paid or provided by it.

SECTION 13 – APPEALS PROCESS

If You or Your Representative (any Representative authorized by You) has a concern regarding a claim denial or other action under the Plan and wishes to have it reviewed, You may Appeal. There are two levels of Appeal, as well as additional voluntary Appeal levels You may pursue. Certain matters requiring quicker consideration qualify for a level of expedited Appeal and are described separately later in this section.

APPEALS

Appeals can be initiated through written or verbal request or online at www.uhealthplan.utah.edu. A written request can be made by sending it to the Appeals Committee Chairperson at: University of Utah Health Plans, P.O. Box 45180, SLC, UT 84145. Verbal requests can be made by calling Customer Service at (801) 587-6480 or (888) 271-5870.

Each level of Appeal, except voluntary external review, must be pursued within 180 days of Your receipt of Our determination (or, in the case of the first level, within 180 days of Your receipt of the Claims Administrator's original adverse decision that You are appealing). If You don't Appeal within this time period, You will not be able to continue to pursue the Appeal process and may jeopardize Your ability to pursue the matter in any forum. When an Appeal request is received, We will send a written acknowledgement and information describing the entire Appeal process and Your rights.

If Your treating Provider determines that Your health could be jeopardized by waiting for a decision under the regular Appeal process, he or she may specifically request an expedited Appeal. Please see Expedited Appeals later in this section for more information.

First-level appeals

First-level Appeals are reviewed by an employee or employees who were not involved in the initial decision that You are appealing. In Appeals that involve issues requiring medical judgment, the decision is made by Our staff of health care professionals. A written notice of the decision will be sent within 45 days of receipt of the Appeal.

VOLUNTARY EXTERNAL APPEAL – IRO

A voluntary external Appeal to an Independent Review Organization (IRO) is available for issues involving medical judgment (including, but not limited to, those based on the Plan's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a Covered Service); or the determination that a treatment is Investigational, but only after You have exhausted all of the applicable non-voluntary levels of Appeal, or if We have failed to adhere to all claims and internal Appeal requirements. Voluntary external Appeals must be requested within 180 days of Your receipt of the notice of the prior adverse decision. External Reviews are only available to Policyholders. University of Utah Health Plans coordinates voluntary external Appeals, but the decision is made by an IRO at no cost to You. We will provide the IRO with the Appeal documentation. The IRO will make its decision and provide You with its written determination within 45 days after receipt of the request. Choosing the voluntary external Appeal as the final level to determine an Appeal will be binding in

accordance with the IRO's decision and this section, except to the extent other remedies are available under State or Federal law. To request an IRO, please use the Independent Review Request Form available at www.insurance.utah.gov.

The voluntary external Appeal by an IRO is optional and You should know that other forums may be utilized as the final level of Appeal to resolve a dispute You have under the Plan.

EXPEDITED APPEALS

An expedited Appeal is available if one of the following applies:

- the application of regular Appeal timeframes on a Pre-Service or concurrent care claim could jeopardize Your life, health or ability to regain maximum function; or
- according to a Physician with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the disputed care or treatment.

Panel-Level (First-Level) Expedited Appeal

The first-level expedited Appeal request should state the need for a decision on an expedited basis and must include documentation necessary for the Appeal decision. First-level expedited Appeals are reviewed by a panel of our employees who were not involved in, or subordinate to anyone involved in, the initial denial determination. You, or Your Representative on Your behalf, will be given the opportunity (within the constraints of the expedited Appeals timeframe) to participate via telephone and/or provide written materials. A verbal notice of the decision will be provided to You and Your Representative as soon as possible after the decision, but no later than 72 hours of receipt of the Appeal. A written notification of the decision will be mailed to You within three calendar days of the determination.

Voluntary Expedited Appeal - IRO

If You disagree with the decision made in the panel-level Appeal and You or Your Representative reasonably believes that preauthorization remains clinically urgent (Pre-Service), You may request a voluntary expedited Appeal to an IRO. The criteria for a voluntary expedited Appeal to an IRO are the same as described above for non-urgent expedited Appeal. External Reviews are only available for Policyholders.

University of Utah Health Plans coordinates voluntary expedited Appeals, but the decision is made by an IRO at no cost to You. We will provide the IRO with the Appeal documentation. Verbal notice of the IRO's decision will be provided to You and Your Representative by the IRO as soon as possible after the decision, but no later than within 72 hours of its receipt of Your request. Choosing the voluntary expedited Appeal as the final level to determine an Appeal will be binding in accordance with the IRO's decision and this section.

The voluntary external Appeal by an IRO is optional and You should know that other forums may be utilized as the final level of Appeal to resolve a dispute You have under the Plan.

INFORMATION

If You have any questions about the Appeal process outlined here, You may contact Our Customer Service department at: (801) 587-6480 or (888) 271-5870 or You can write to Our Customer Service department at the following address: University of Utah Health Plans, P.O. Box 45180, SLC, UT 84145.

- matters pertaining to the contractual relationship between a Claimant and the Plan; and
- other matters as specifically required by state law or regulation.

The IRO is unbiased and is not controlled by the Plan.

Pre-Service means any claim for benefits under the Plan which must be approved in advance, in whole or in part, in order for a benefit to be paid.

Representative means someone who represents You for the purpose of the Appeal. The Representative may be Your personal Representative or a treating Provider. It may also be another party, such as a family member, as long as You or Your legal guardian authorize in writing, disclosure of personal information for the purposes of the Appeal. No authorization is required from the parent(s) or legal guardian of a Claimant who is unmarried and less than 13 years old. For expedited Appeals only, a health care professional with knowledge of Your medical condition is recognized as Your Representative. Even if You have previously designated a person as Your Representative for a previous matter, an authorization designating that person as Your Representative in a new matter will be required (but re-designation is not required for each Appeal level). If no authorization exists and is not received in the course of the Appeal, the determination and any personal information will be disclosed to You or Your treating Provider only.

SECTION 16 – PRESCRIPTION DRUG BENEFITS

Prescription Drug Benefits are administered through National Pharmaceutical Services (NPS) and University of Utah Health Plans. Pharmacy Customer Service is available 24 hours a day, 7 days a week at (800) 546 – 5677 for information and assistance with your Prescription Drug coverage.

COST FOR PRESCRIPTION DRUGS

The amount you will pay for your prescription drugs is shown in your Outline of Coverage (OOC). Your responsibility will be based on the type of drug (generic, brand, or specialty) and what tier the drug is in.

A **Deductible** is the amount you need to pay first before any benefits on the Summary of Benefits apply. This does not apply to preventive drugs that are covered at 100% under the Affordable Care Act.

Copays/Coinsurance are the amounts that you pay for prescriptions once you meet your deductible as outlined on the Summary of Benefits. A copay is a flat amount per 30-day prescription. Coinsurance is a percentage of the cost of the drug.

Out-of-Pocket Maximum is the maximum you pay for your pharmacy and medical costs out-of-pocket. Once you have met your Out-of-Pocket Maximum your prescriptions are covered at 100%. Refer to your Summary of Benefits and Coverage for more information.

HOW THE PLAN WORKS

When you incur expenses for prescription drugs purchased from a duly licensed pharmacy pursuant to a prescription order, prescription drug benefits will be provided, as follows:

- when you present your Prescription order and use your Health Plan Identification Card at a Participating Pharmacy, you will be required to pay at the time of purchase only the applicable Copay or Coinsurance amounts specified in the Summary of Benefits and Coverage (SBC); and
- when you present your Prescription order, but do not use your Health Plan Identification Card, you will be required to pay the entire cost of the prescription drug. You can file a claim for reimbursement of eligible expenses with NPS for the amount to be paid by the Plan less any Copays or Coinsurance, as specified in the Summary Of Prescription Drug Benefits, not to exceed the amount the Plan would have paid a Participating Pharmacy if you had used your Health Plan Identification Card.

If you fill a prescription drug at an Out-of-Network Pharmacy you will be required to pay the entire cost of the prescription drug. There is no reimbursement for prescription claims processed by an Out-of-Network Pharmacy, unless it is related to a medical emergency.

You are able to fill a 30 day supply at any In-Network Pharmacy. The Plan uses the NPS Network of Pharmacies Nationwide. You can find pharmacies at www.pti-nps.com.

Mail Order is a 90 day supply of generic and preferred brand name drugs that is mailed directly to you. Contact NPS at (800) 546-5677 to see if your drug is eligible for the mail order program.

Generic Drug is a drug that has the same active ingredients compared to a brand name drug with regards to its dosage, strength, quality, performance, outcome, and intended use.

Brand Name Drug is a drug that has a trade name and is protected by patent; meaning it can only be manufactured and produced by the company holding the patent. Brand name drugs may require step therapy or prior authorization.

Specialty Drugs are high-cost drugs that are used to treat complex conditions requiring special handling and administration. Specialty drugs require prior authorization and are limited to a 30-day supply. The Plan has a designated Specialty Pharmacy who coordinates all specialty drugs for members. Please call NPS Customer Service for additional information.

Step Therapy is required before some drugs can be approved. Step therapy is a process where a first-line medication is required before another drug can be considered.

Prior Authorization is required before some brand name drugs and all specialty drugs can be filled through the Plan. For drugs that require prior authorization, a provider must complete a coverage determination form through NPS and submit for review. Coverage determination forms are available from NPS online or through NPS Customer Service. Once NPS receives the coverage determination form with the appropriate documentation, the prior authorization request will be reviewed for medical necessity within the Plan's established criteria and benefits for approval/denial.

Drug Tiers is the way a formulary or list of drugs is organized. Tiers are groups of different drugs that are arranged based on price and patient responsibility. Drugs in different tiers can have different patient responsibility.

- Tier 1 – Preventive Drugs
- Tier 2 – Preferred Generic Drugs
- Tier 3 – Non-Preferred Generic Drugs
- Tier 4 – Preferred Brand Drugs
- Tier 5 – Non-Preferred Brand Drugs
- Tier 6 – Specialty Drugs

In accordance with the Patient Protection and Affordable Care Act ("PPACA"), as amended by the Health Care and Education Reconciliation Act generic contraceptives are covered for women at 100% in accordance with recommendations by the United States Preventive Service Task Force ("USPSTF") with an A or B rating in the current recommendations, the Health Resources and Services Administration ("HRSA"), or by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention ("CDC"). When no generic contraceptive exists, a brand is covered. Once a generic becomes available, the brand will no longer be covered at 100%. Insertion of a contraceptive device is covered under Preventive Care, but removal of the device is not. Over-the-counter medications required to be covered under PPACA will be covered by the Plan at 100% of the Allowable Amount with a Prescription for the item(s). Generic smoking cessation medications are also covered under the plan; quantity limits apply. Some smoking cessation medications require prior authorization and proof of enrollment in a smoking cessation program before approved.

COORDINATION OF BENEFITS

The Plan does not coordinate pharmacy benefits with other carriers. If You are covered by another plan that is Your Primary Coverage, you must use that benefit and pay the copay or coinsurance applicable to that plan.

Prescriptions not covered by Plan

If you need a prescription drug that is not covered by the Plan, you can submit a formulary exception request if you feel the prescription you are taking should be covered because other treatment options available on the approved drug formulary list do not work for you. To request a formulary exception, you or your provider must submit written documentation including the following:

- Reasons why no other prescriptions on approved drug formulary will work,
- List of all prescriptions tried, dates tried, and how each affected you, and
- Letter from provider as well as medical records to support medical necessity.

Once all required information is received, the Plan will review the request. Once a decision is reached, you and your provider will receive written notification of the approval or denial. If a formulary exception is approved, the non-formulary drug copays or coinsurance will be determined by the tier the drug would fall under and will be applied to your out-of-pocket maximum.
