**Policy Admin-021**

**Origination Date:** 05/26/2021

**Reviewed/Revised Date:** 05/26/2021

**Next Review Date:** 05/26/2022

**Current Effective Date:** 07/01/2021

### Disclaimer:

1. Policies are subject to change in accordance with State and Federal notice requirements.
2. Policies outline coverage determinations for U of U Health Plans Commercial, and Healthy U (Medicaid) plans. Refer to the "Policy" section for more information.

### Description:

Prior Authorization or preauthorization is a process used by U of U Health Plans to assure health benefits are administered as designed, that members receive treatments that are safe and effective for the condition being treated and that the treatments used have the greatest value. Prior Authorizations require the contracted provider to receive pre-approval for coverage of a particular treatment in order for the service to be covered by the U of U Health Plans benefit.

U of U Health Plans dismisses a prior authorization request for failure to follow filing procedures when U of U Health Plans is unable to move forward with the medical necessity review because the requester did not provide sufficient information to start a review.

In some instances prior authorization requests are submitted which do not follow filing procedures. These circumstances do not allow ascertaining of medical necessity as certain minimal information is necessary to determine medical necessity. In these instances, actions taken by U of U Health Plans are considered a dismissal rather than a denial of coverage for services.

### Policy Statement and Criteria

#### 1. Commercial Plans

**U of U Health Plans dismisses prior authorization requests when filing procedures are not followed as part of the prior authorization request, and elements necessary to complete a medical necessity review are not provided.**

Essential elements necessary to be submitted with prior authorization requests include **ALL** of the following:

- A. Completed request form\*
- B. Clinical Documentation supporting the requested services (*including but not limited to*):
  - i. Medical History (include treatment, diagnostic tests, examination data).
  - ii. Description of treatment plan and treatment to date
  - iii. Diagnostic/Laboratory/Radiology results
  - iv. Clinical notes necessary to certify medical necessity

\*The appropriate forms and instructions for submission are found at:  
<https://uhealthplan.utah.edu/for-providers/prior-authorization.php>

**U of U Health Plans requires prior authorization of all elective inpatient admissions.**  
Requests for authorization will be dismissed only if information comes from admission notification or census report with no other clinical information provided.

**A retrospective review failing to meet the standards established in Admin-022 Retrospective Service Reviews, will be considered a dismissal.**

**A dismissed request is not a denial and therefore has no appeal rights.**

**A request for prior authorization will be reconsidered at the initial review level, if the requester resubmits for prior authorization with a completed form and accompanying clinical documentation.**

**Dismissed requests will the following notification rules:**

- A. For urgent preservice and concurrent decisions, U of U Health Plans notifies the practitioner (member's authorized representative) or member within 24 hours of receiving the request for services. Notification may be verbal, unless the practitioner or member requests written notification.
- B. For nonurgent preservice decisions, U of U Health Plans notifies the practitioner or member within 5 calendar days of receiving the request for services.

## **2. Medicaid Plans**

**U of U Health Plans dismisses prior authorization requests when filing procedures are not followed as part of the prior authorization request, and elements necessary to complete a medical necessity review are not provided.**

Essential elements necessary to be submitted with prior authorization requests include **ALL** of the following:

- A. Completed request form\*
- B. Clinical Documentation supporting the requested services (*including but not limited to*):
  - i. Medical History (include treatment, diagnostic tests, examination data).
  - ii. Description of treatment plan and treatment to date
  - iii. Diagnostic/Laboratory/Radiology results
  - iv. Clinical notes necessary to certify medical necessity

\*The appropriate forms and instructions for submission are found at:  
<https://uhealthplan.utah.edu/for-providers/prior-authorization.php>

**U of U Health Plans requires prior authorization of all elective inpatient admissions.** Requests for authorization will be dismissed only if information comes from admission notification or census report with no other clinical information provided.

**A retrospective review failing to meet the standards established in Admin-022 Retrospective Service Reviews, will be considered a dismissal.**

**A dismissed request is not a denial and therefore has no appeal rights.**

**A request for prior authorization will be reconsidered at the initial review level, if the requester resubmits for prior authorization with a completed form and accompanying clinical documentation.**

**Dismissed requests will follow the following notification rules:**

- A. For urgent preservice and concurrent decisions, U of U Health Plans notifies the practitioner (member's authorized representative) or member within 24 hours of receiving the request for services. Notification may be verbal, unless the practitioner or member requests written notification.
- B. For nonurgent preservice decisions, U of U Health Plans notifies the practitioner or member within 5 calendar days of receiving the request for services.

### **3. Medicare Plans**

**Coverage is determined by the Centers for Medicare and Medicaid Services (CMS); if a coverage determination has not been adopted by CMS and InterQual criteria are not available, the U of U Health Plans Commercial criteria will apply. For the most up-to-date Medicare policies and coverage, please visit their search website at:**

## **Clinical Rationale**

U of U Health Plans has established policies and procedures governing prior authorization and notification requirements, medical necessity review, and submission of clinical documentation.

To obtain prior authorization, the requester should submit a current copy of the appropriate request form and all relevant clinical documentation related to the requested services. A request form is considered complete when U of U Health Plans has sufficient information to move it to review. This includes member information, requesting and servicing provider information, contact information, and requested services. Illegible forms, or forms with insufficient information to attach it to a member in our UM platform will be returned to sender with a request to resubmit. Without both a completed request form and accompanying clinical, U of U Health Plans is not able to move the request forward for medical necessity review.

Denying the request results in the loss of a level of clinical assessment as part of the prior authorization for the member when no legitimate clinical review is possible. In these instances rather than denying the case for failing to demonstrate medical necessity, these cases will be dismissed for failure to follow filing procedures.

The requester may resubmit for prior authorization (PA) with a completed form and accompanying clinical documentation. Upon receipt of the resubmitted request, U of U Health Plans staff reviews the PA request to determine if the service is covered and if the service is medically necessary. The date in which a complete request, with the required clinical documentation being received, will be the date posted for the PA request.

## **Applicable Coding**

### **CPT Codes**

Too numerous to list

### **HCPCS Codes**

Too numerous to list

### **Disclaimer:**

This document is for informational purposes only and should not be relied on in the diagnosis and care of individual patients. Medical and Coding/Reimbursement policies do not constitute medical advice, plan preauthorization, certification, an explanation of benefits, or a contract. Members should consult with appropriate health care providers to obtain needed medical advice, care, and treatment. Benefits and eligibility are determined before medical guidelines and payment guidelines are applied. Benefits are determined by the member's individual benefit plan that is in effect at the time services are rendered.

The codes for treatments and procedures applicable to this policy are included for informational purposes. Inclusion or exclusion of a procedure, diagnosis or device code(s) does not constitute or imply member coverage or provider reimbursement policy. Please refer to the member's contract benefits in effect at the time of service to determine coverage or non-coverage of these services as it applies to an individual member.
